

CHRIST CARL U. TAPAT

Construction Estimator | Take-off Specialist | Project Coordinator
+639625406989 | engr.christcarl@gmail.com | Philippines

PROFESSIONAL SUMMARY

Civil Engineering professional building a career in Construction Estimating and Virtual Assistance, with proficiency in construction estimating software, particularly Bluebeam and Plan Swift. Experienced in reviewing and interpreting construction drawings, performing quantity take-offs, preparing BOQs, estimating project costs, and organizing project information with a strong focus on accuracy and attention to detail. Proficient in Microsoft Office, Google Workspace, Canva, and Zoom, with the ability to adapt quickly to new tools and workflows. Brings a structured, reliable, and proactive approach to remote support, with a focus on helping construction teams stay organized, informed, and on track. Seeking an entry-level Construction Estimator, Take-Off Specialist, or Construction VA role supporting US or Australian-based projects.

WORK EXPERIENCE

DEEPBLUEE SWIMMING POOL BUILDERS
Site Engineer / Estimator

Nov. 2022 – Dec. 2025
Philippines

- Developed architectural, structural, plumbing, and electrical drawings using AutoCAD and SketchUp, providing accurate documentation for project planning and execution.
- Prepared cost estimates for 60+ construction projects by developing BOQs and detailed quantity take-offs using Bluebeam, supporting accurate project costing and bid preparation
- Integrated ChatGPT and Gemini into daily workflows for estimating, procurement, and documentation tasks, improving workflow efficiency and streamlining routine project support activities.
- Prepared Requests for Approval, Requests for Information, concrete pouring requests, cutting lists, and other essential project documentation, supporting effective project coordination and site operations.
- Performed planning, estimating, costing, and site engineering responsibilities over 3+ years, gaining broad exposure to construction processes and developing a well-rounded understanding of project execution.

COQUILLA ENGINEERING CONSULTANCY
Engineer Aide / Project Coordinator

April 2021 – Sept. 2022
Philippines

- Facilitated Environmental Compliance Certificate (ECC) and Local Government Building Permit applications, coordinating required submissions to support timely project approvals.
 - Coordinated permit processing, regulatory compliance, and site supervision, ensuring construction activities followed approved plans, quality standards, and project schedules.
 - Assisted in tender preparation, cost forecasting, and cost database management, providing reliable information for future project benchmarking and cost planning.
 - Compiled government bidding documents and technical specifications and prepared contractor bid evaluation matrices, supporting organized and efficient tender evaluation.
-

EDUCATION

ST. MARY’S COLLEGE OF TAGUM
Bachelor of Science in Civil Engineering

June 2018 – May 2022
Tagum City, Philippines

TOOLS AND SOFTWARES

Estimating & Quantity Take-Off: Plan Swift, Bluebeam Revu, Microsoft Excel
Design & Rendering: AutoCAD (2D drawing), Sketchup (3D drawing), Lumion (Rendering)
Communication & Collaboration: Zoom, Google Meet, Microsoft Teams, WhatsApp, Gmail
Documentation & Productivity: Microsoft Word, PowerPoint, Google Workspace, Canva

LICENSE AND CERTIFICATIONS

REGISTERED MASTER PLUMBER
REGISTERED CIVIL ENGINEER

PRC July 2024
PRC April 2023
